PROCUREMENT POLICY FOR THE INCORPORATED VILLAGE OF ROCKVILLE CENTRE

Adopted July 7, 2014

1. Every purchase under consideration must be initially reviewed to determine whether it is a purchase contract or a public works contract. Once that determination is made, a good faith effort will be made to determine whether it is known, or can reasonably be expected, that the aggregate amount to be spent on the item of supply or service is not subject to competitive bidding, taking into account past purchases and the aggregate amount to be spent in a year. Pursuant to Section 103 of New York State General Municipal law, the following items are not subject to competitive bidding.

- purchase contracts under \$20,000;
- public works contracts under \$35,000;
- emergency purchases;
- certain municipal hospital purchases;
- goods purchased from agencies for the blind or severely handicapped;
- goods purchased from correctional institutions; purchases from approved municipal or other government entity contracts;
- surplus and second-hand purchases from another governmental entity.

The decision that a purchase is not subject to competitive bidding will be documented in writing by the individual making the purchase. Examples of documentation include written or verbal quotes from vendors, a memo from the purchaser indicating how the decision was arrived at, a copy of the contract indicating the source that makes the item or service exempt, a memo from the purchaser detailing the circumstances which led to an emergency purchase, or any other written documentation that is appropriated.

All goods and services will be secured by use of written requests for proposals, written quotations, verbal quotations, or another method that assures that goods will be purchased at the lowest price and that favoritism will be avoided, except in the following circumstances:

- purchase contracts over \$20,000;
- public works contracts over \$35,000;
- goods purchased from agencies for the blind or severely handicapped, pursuant to Section 175-b of the State Finance Law;
- goods purchased from correctional institutions, pursuant to Section 186 of the Correctional Law;
- purchases under State contracts, pursuant to Section 104 of the General Municipal Law;
- purchases under county contracts, pursuant to Section 103(3) of the General Municipal Law;
- purchases pursuant to Subdivision 6 of this policy:

1. The following method of purchase will be used when required by this policy in order to achieve the highest savings:

Village's Purchasing Agent)

3. A good faith effort shall be made to obtain the required number of proposals or quotations. If the purchaser is unable to obtain the required number of proposals or quotations, the purchaser will document the attempt made at obtaining the required number of proposals. In no event shall the failure to obtain the proposals be a bar to the procurement.
4. Documentation is required of each action taken in connection with each procurement.
5. Documentation and an explanation is required whenever a contract is awarded other than to the lowest responsible offeror. This documentation will include an explanation of how the award will achieve savings or the grounds upon which it has been determined that the lowest bidder was not responsive or responsible.
6. Pursuant to General Municipal Law, Section 104-b(2) (f), the procurement policy may contain circumstances when, or types of procurements for which, in the sole discretion of the governing body, the solicitation of alternative proposals or quotations will not be in the best interest of the municipality. In the following circumstances, it may not be in the best interest of the Incorporated Village of Rockville Centre to solicit quotations or document the basis for not accepting the lowest bid:
 - a. Professional services or services requiring special or technical skills training or expertise. The individual or company must be chosen based on accountability, reliability, responsibility, skill education and training judgment, integrity and moral worth. These qualifications are not necessarily found in the individual or company that offers the lowest price and the nature of these services are such they do not readily lend themselves to competitive procurement procedures.

In determining whether a service fits into this category, the Mayor/Board of Trustees shall take into consideration the following guidelines: (a) whether the services are subject to substantial formal education (b) or training is a necessary prerequisite to the performance of the services; and whether the services require a personal relationship between the individual and municipal officials. Professional or technical services shall include, but not be limited to the following: services of an attorney; services of a physician;

technical services of an engineer engaged to prepare plans, maps and estimates; securing insurance coverage and/or services of an insurance broker services of a certified public accountant, investment management services; printing services involving extensive writing, editing or art work; management of municipally owned property; and computer software or programming services for customized program, or services involved in substantial modification and customizing of pre-packaged software. Any professional services contract equaling or exceeding \$10,000 would require Board approval at a public session.

- b. Emergency purchases pursuant to Section 103 (4) of the General Municipal Law. Due to the nature of this exception, these goods or services must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety or welfare of the residents. This section does not preclude alternate proposals if time permits.
 - c. Purchases of surplus and second-hand goods from any source.
 - d. Sole source purchases where it is documented that there is no possibility of competition such as from competing dealers or distributors. In addition, it must be determined that no other product provides substantially equivalent benefits.
 - e. Goods or services under \$1,000. The time and documentation required to purchase through this policy may not be cost effective and would, therefore, not be in the best interests of the taxpayer. In addition, it is not likely that such deminimis contracts would be awarded based on favoritism.
7. In addition to utilizing New York State and Nassau County Procurement contracts, the Purchasing Agent is hereby authorized to utilize any and all procurement contracts issued by any other municipality and or government entity authorized by New York State law.
 8. When a Village credit card is utilized, its usage is limited to actual and necessary Village expenses as determined either by the Village Comptroller or Purchasing Agent. Any expenditure must be accompanied by an itemized receipt that certifies that the usage was for a Village purpose and that the payee is the supplier of the goods or services for which the receipt has been submitted. Notwithstanding these guidelines, the Village will endeavor to limit overall credit card use to the extent practicable.
 9. Pursuant to the requirement established in Chapter 402, Laws of 2007, the Board of Trustees hereby designates Dorothy Hansman to act as Village Purchasing Agent until such time that a full-time Village Purchasing Agent is hired. The Village Purchasing Agent is responsible for purchasing all supplies and materials and Public Works contracts that are deemed necessary for the Village of Rockville Centre. In the absence of the Village Board of Trustees designating a Purchasing Agent, the Comptroller may perform the duties of the Purchasing Agent, or designate another Village employee to perform such duties.
 10. At the discretion of the Village's Purchasing agent, bids may be submitted in electronic format. The receiving device will be designated, as appropriate, by the Village Purchasing Agent.

On motion by Trustee Oppenheimer, duly seconded by Trustee Sepe and unanimously carried, the Board of Trustees formally adopted the Village of Rockville Centre Family and Medical Leave Policy.

**INCORPORATED VILLAGE OF ROCKVILLE CENTRE
FAMILY AND MEDICAL LEAVE ACT (FMLA) POLICY**

I. Purpose: To establish a policy and guidelines for the use of family or medical leave ("FMLA") for Village of Rockville Centre employees, consistent with the Rules and Regulations adopted by the United States Department of Labor. If employees have any questions concerning FMLA leave, they should contact the Human Resources/Payroll Office.

II. Employees Eligible for FMLA Leave

FMLA leave is available to "eligible employees". To be an "eligible employee", an employee must: (1) have been employed by the Village for at least 12 months (which need not be consecutive); and (2) have been employed by the Village for at least 1250 hours of service during the 12 month period immediately preceding the commencement of the leave.

July 7, 2014

III. Employee Entitlements for FMLA Leave

As described below, the FMLA provides eligible employees with a right to leave, continuation of health insurance benefits if applicable and, with some limited exceptions, job restoration. The FMLA also entitles employees to certain written notices concerning their potential eligibility for and designation of FMLA leave.

A. Basic FMLA Leave Entitlement

The FMLA provides eligible employees up to 12 workweeks of unpaid leave for certain family and medical reasons during a 12 month rolling period. The Village will use a rolling 12 month period measured backward from the date an employee first uses FMLA leave. Each time an employee uses leave, the Village computes the amount of leave the employee has taken under this policy, and subtracts it from the 12 weeks. The balance remaining is the amount the employee is entitled to take at that time. For example, if an employee has taken 5 weeks of leave in the past 12 months, he/she could take an additional 7 weeks under this policy. Eligibility for unpaid leave for the birth and care of a newborn child or for the placement with the employee of a child for adoption or foster care expires at the end of the 12 month period beginning on the date of the birth, adoption or placement. Any such leave must be concluded within this 12 month period.

Leave may be taken for any one, or for a combination, of the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son, daughter or parent (but not in-law) who has a serious health condition;
- For the employee's own serious health condition (including any period of incapacity due to pregnancy, prenatal medical care or childbirth) that makes the employee unable to perform one or more of the essential functions of the employee's job; and/or
- Because of any qualifying exigency arising out of the fact that an employee's spouse, son, daughter or parent is a covered military member on active duty or has been notified of an impending call or order to active duty status in support of contingency operation.

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

July 7, 2014

Rockville Centre, New York

Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-

deployment reintegration briefings.

B. Additional Military Family Leave Entitlement (Injured Servicemember Leave)

In addition to the basic FMLA leave entitlement discussed above, an eligible employee who is the spouse, son, daughter, parent or next of kin of a covered servicemember is entitled to take up to 26 weeks of leave during a single 12-month period to care for the servicemember with a serious injury or illness. Leave to care for a servicemember shall only be available during a single-12 month period and, when combined with other FMLA-qualifying leave, may not exceed 26 weeks during the single 12-month period. The single 12-month period begins on the first day an eligible employee takes leave to care for the injured servicemember.

A "covered servicemember" means a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, is on the temporary retired list, or is a veteran who was a member of the Armed Forces (including the National Guard or Reserves) at any time during the five years preceding the date of treatment, recuperation or therapy, for a serious injury or illness. A member of the Armed Forces would have a serious injury or illness if he/she has incurred an injury or illness in the line of duty while on active duty in the Armed Forces provided that the injury or illness may render the servicemember medically unfit to perform duties of the member's office, grade, rank or rating.

C. Intermittent Leave and Reduced Leave Schedules

FMLA leave usually will be taken for a period of consecutive days, weeks or months. However, employees also are entitled to take FMLA leave intermittently or on a reduced leave schedule when medically necessary due to a serious health condition of the employee or covered family member or the serious injury or illness of a covered servicemember.

D. Protection of Group Health Insurance Benefits

During FMLA leave, eligible employees are entitled to receive group health plan coverage on the same terms and conditions as if they had continued to work.

E. Restoration of Employment and Benefits

At the end of FMLA leave, subject to some exceptions including situations where job restoration of "key employees" will cause the Village substantial and grievous economic injury, employees generally have a right to return to the same or equivalent positions with equivalent pay, benefits and other employment terms. The Village will notify employees if they qualify as "key employees", if it intends to deny reinstatement, and of their rights in such instances. Use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of an eligible employee's FMLA leave.

July 7, 2014

Rockville Centre, New York

F. Notice of Eligibility for, and Designation of, FMLA Leave

Employees requesting FMLA leave are entitled to receive written notice from the Village telling them whether they are eligible for FMLA leave and, if not eligible, the reasons why they are not eligible. When eligible for FMLA leave, employees are entitled to receive written notice of: 1) their rights and responsibilities in connection with such leave; 2) the Village's designation of

leave as FMLA-qualifying or non-qualifying, if not FMLA-qualifying, the reasons why; and 3) the amount of leave, if known, that will be counted against the employee's leave entitlement.

The Village may retroactively designate leave as FMLA leave with appropriate written notice to employees provided the Village's failure to designate leave as FMLA-qualifying at an earlier date did not cause harm or injury to the employee. In all cases where leaves qualify for FMLA protection, the Village and employee can mutually agree that leave be retroactively designated as FMLA leave.

IV. Employee FMLA Leave Obligations

A. Provide Notice of the Need for Leave

Employees who take FMLA leave must timely notify the Village of their need for FMLA leave. The following describes the content and timing of such employee notices.

1. Content of Employee Notice

To trigger FMLA leave protections, employees must inform the Village's Human Resources/Payroll Office in writing of the need for FMLA-qualifying leave and the anticipated timing and duration of the leave, if known. Employees may do this by either requesting FMLA leave specifically, or explaining the reasons for leave so as to allow the Village to determine that the leave is FMLA-qualifying. For example, employees might explain that:

- a medical condition renders them unable to perform the functions of their job;
- they are pregnant or have been hospitalized overnight;
- they or a covered family member are under the continuing care of a health care provider;
- the leave is due to a qualifying exigency cause by a covered military member being on active duty or called to active duty status; or
- if the leave is for a family member, that the condition renders the family member unable to perform daily activities or that the family member is a covered servicemember with a serious injury or illness.

July 7, 2014

Rockville Centre, New York

Calling in "sick," without providing the reasons for the needed leave, will not be considered sufficient notice for FMLA leave under this policy. Employees must respond to the Village's questions to determine if absences are potentially FMLA-qualifying.

If employees fail to explain the reasons for FMLA leave, the leave may be denied. When employees seek leave due to FMLA-qualifying reasons for which the Village has previously provided FMLA-protected leave, they must specifically reference the qualifying reason for the leave or the need for FMLA leave.

2. Timing of Employee Notice

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, or the approximate timing of the need for leave is not foreseeable, employees must provide the Village notice of the need for leave as soon as practicable under the facts and circumstances of the particular case. Employees who fail to give 30 days notice for foreseeable leave without a reasonable excuse for the delay, or otherwise fail to satisfy FMLA notice obligations, may have FMLA leave delayed or denied.

B. Cooperate in the Scheduling of Planned Medical Treatment (Including Accepting Transfers to Alternative Positions) and Intermittent Leave or Reduced Leave Schedules

When planning medical treatment, employees must consult with the Village and make a reasonable effort to schedule treatment so as not to unduly disrupt the Village's operations, subject to the approval of an employee's health care provider. Employees must consult with the Village prior to the scheduling of treatment to work out a treatment schedule which best suits the needs of both the Village and the employees, subject to the approval of an employee's health care provider. If employees providing notice of the need to take FMLA leave on an intermittent basis for planned medical treatment neglect to fulfill this obligation, the Village may require employees to attempt to make such arrangements, subject to the approval of the employee's health care provider.

When employees take intermittent or reduced work schedule leave for foreseeable planned medical treatment for the employee or a family member, including during a period of recovery from a serious health condition or to care for a covered servicemember, the Village may temporarily transfer employees, during the period that the intermittent or reduced leave schedules are required, to alternative positions with equivalent pay and benefits for which the employees are qualified and which better accommodate recurring periods of leave.

When employees seek intermittent leave or a reduced leave schedule for reasons unrelated to the planning of medical treatment, upon request, employees must advise the Village of the reason why such leave is medically necessary. In such instances, the Village and employee shall attempt to work out a leave schedule that meets the employee's needs without unduly disrupting the Village's operations, subject to the approval of the employee's health care provider.

Rockville Centre, New York

C. Submit Medical Certifications Supporting Need for FMLA Leave (Unrelated to Requests for Military Family Leave)

Depending on the nature of FMLA leave sought, employees will be required to submit medical certifications supporting their need for FMLA-qualifying leave. As described below, there generally are three types of FMLA medical certifications: an initial certification, a recertification, and a return to work/fitness for duty certification.

It is the employee's responsibility to provide the Village with timely, complete and sufficient medical certifications. Whenever the Village requests employees to provide FMLA medical certifications, employees must provide the requested certifications within 15 calendar days after the Village's request, unless it is not practicable to do so despite an employee's diligent, good faith efforts. The Village shall inform employees if submitted medical

certifications are incomplete or insufficient and provide employees at least seven calendar days to cure deficiencies. The Village will deny FMLA leave to employees who fail to timely cure deficiencies or otherwise fail to timely submit requested medical certifications.

With the employee's permission, the Village (through individuals other than an employee's direct supervisor) may contact the employee's health care provider to authenticate or clarify completed and sufficient medical certifications. If employees choose not to provide the Village with authorization allowing it to clarify or authenticate certifications with health care providers, the Village may deny FMLA leave if certifications are unclear.

Whenever the Village deems it appropriate to do so, it may waive its right to receive timely, complete and/or sufficient FMLA medical certifications.

1. Initial Medical Certifications

Employees requesting leave because of their own, or a covered relation's, serious health condition, or to care for a covered servicemember, must supply medical certification supporting the need for such leave from their health care provider or, if applicable, the health care provider of their covered family or service member. If employees provide at least 30 days notice of medical leave, they should submit the medical certification before leave begins. A new initial medical certification will be required on an annual basis for serious medical conditions lasting beyond a single leave year.

If the Village has reason to doubt initial medical certifications, it may require employees to obtain a second opinion at the Village's expense. If the opinions of the initial and second health care providers differ, the Village may, at its expense, require employees to obtain a third, final and binding certification from a health care provider designated or approved jointly by the Village and the employee.

2. Medical Recertifications

July 7, 2014

Rockville Centre, New York

Depending on the circumstances and duration of FMLA leave, the Village may require employees to provide recertification of medical conditions giving rise to the need for leave. The Village will notify employees if recertification is required and will give employees at least 15 calendar days to provide medical recertification.

3. Return to Work/Fitness for Duty Medical Certifications

Unless notified that providing such certifications is not necessary, employees returning to work from FMLA leaves that were taken because of their own serious health conditions that made them unable to perform their jobs must provide the Village medical certification confirming they are able to return to work and the employees' ability to perform the essential functions of the employees' position, with or without reasonable accommodation. The Village may delay and/or deny job restoration until employees provide return to work/fitness for duty certifications.

D. Submit Certifications Supporting Need for Military Family Leave

Upon request, the first time employees seek leave due to qualifying exigencies arising out of the active duty or call to active duty status of a covered military members, the Village may require employees to provide: 1) a copy of the covered military member's active duty orders or other documentation issued by the military indicating the covered military member is on active duty

or call to active duty status and the dates of the covered military member's active duty service; and 2) a certification from the employee setting forth information concerning the nature of the qualifying exigency for which leave is requested. Employees shall provide a copy of new active duty orders or other documentation issued by the military for leaves arising out of qualifying exigencies arising out of a different active duty or call to active duty status of the same or a different covered military member.

When leave is taken to care for a covered servicemember with a serious injury or illness, the Village may require employees to obtain certifications completed by an authorized health care provider of the covered servicemember. In addition, and in accordance with the FMLA regulations, the Village may request that the certification submitted by employees set forth additional information provided by the employee and/or the covered servicemember confirming entitlement to such leave.

E. Ability to Substitute Paid Leave for Unpaid FMLA Leave

Employees must use accrued paid time while taking unpaid FMLA leave. If an employee uses leave due to the employee's own serious health condition, then paid sick leave shall be used first, followed by paid vacation or personal leave. If an employee uses leave for any other reason, then paid vacation and personal leave shall be used. The substitution of paid time for unpaid FMLA leave time does not extend the length of FMLA leaves and the paid time will run concurrently with an employee's FMLA entitlement.

July 7, 2014

Rockville Centre, New York

If an employee is receiving either disability or workers' compensation benefits during the period of FMLA leave, then the employee does not have to use accrued paid time, as the FMLA leave is not unpaid. Upon agreement of the employer and employee, the employee may voluntarily use accrued paid time to supplement the disability or workers' compensation benefits received by the employee. However, the total amount of accrued paid time used by the employee, when added to the benefits received, cannot result in the total benefits received exceeding 100% of the employee's usual salary.

Leaves of absence taken in connection with a disability leave plan or workers' compensation injury/illness shall run concurrently with any FMLA leave entitlement. Upon written request, the Village will allow employees to use accrued paid time to supplement any paid disability benefits.

F. Pay Employee's Share of Health Insurance Premiums

As noted above, during FMLA leave, employees are entitled to continued group health plan coverage under the same conditions as if they had continued to work. Unless the Village notifies employees of other arrangements, whenever employees are receiving pay from the Village during FMLA leave, the Village will deduct the employee portion of the group health plan premium from the employee's paycheck in the same manner as if the employee was actively working. If FMLA leave is unpaid, employees must pay their portion of the group health premium by sending a monthly check in the required amount, to be received by the Village by the fifth day of the month. Payment must be made by check or money order payable to "Incorporated Village of Rockville Centre".

The Village's obligation to maintain health care coverage ceases if an employee's premium payment is more than 30 days late. If an employee's payment is more than 15 days late, the Village will send a letter notifying the employee that coverage will be dropped on a specified date unless the co-

payment is received before that date. If employees do not return to work within 30 calendar days at the end of the leave period (unless employees cannot return to work because of a serious health condition or other circumstances beyond their control) they will be required to reimburse the Village for the cost of the premiums the Village paid for maintaining coverage during their unpaid FMLA leave.

V. Coordination of FMLA Leave with Other Leave Policies

The FMLA does not affect any federal, state or local law prohibiting discrimination, or supersede any State or local law which provides greater family or medical leave rights. For additional information concerning leave entitlements and obligations that might arise when FMLA leave is either not available or exhausted, please consult the Village's other leave policies in this handbook or contact the Human Resources/Payroll Office.

VI. Questions and/or Complaints about FMLA Leave

If you have questions regarding this FMLA policy, please contact the Human Resources/Payroll Office. The Village is

committed to complying with the FMLA and, whenever necessary, shall interpret and apply this policy in a manner consistent with the FMLA.

The FMLA makes it unlawful for employers to: 1) interfere with, restrain, or deny the exercise of any right provided under FMLA; or 2) discharge or discriminate against any person for opposing any practice made unlawful by FMLA or involvement in any proceeding under or relating to FMLA. If employees believe their FMLA rights have been violated, they should contact the Human Resources/Payroll Office immediately. The Village will investigate any FMLA complaints and take prompt and appropriate remedial action to address and/or remedy any FMLA violation. Employees also may file FMLA complaints with the United States Department of Labor or may bring private lawsuits alleging FMLA violations.

VILLAGE OF ROCKVILLE CENTRE

WORKPLACE VIOLENCE PREVENTION POLICY

It is the policy of the Village of Rockville Centre (herein known as the Village) and the responsibility of the Village Administrator, all Department Heads, Supervisors and Employees to maintain a workplace free from threats and acts of violence in order to maintain a safe workplace for employees, residents and visitors to the Village.

Definition

Workplace Violence - "Any physical assault or acts of aggressive behavior occurring where a public employee performs any work-related duty in the course of his or her employment" 12 NYCRR Part 800.6(d) (11)

This includes the OSHA typologies.

- Type I - Strangers - vendors and visitors to the village

- Type II - Customers/Clients - e.g. village residents, program participants
- Type III - Co-Worker - present or former employees versus another employee
- Type IV - Personal - someone with a personal relationship with an employee

Non-Retaliation

Neither Village officials nor employees shall retaliate against or harass any person for reporting and/or identifying any type of incident or threat or violence in the workplace.

II - PLAN

To implement zero tolerance of violence in, and around, the workplace
July 7, 2014

Rockville Centre, New York

- A. The Village will provide a safe workplace.

The Village is committed to ensuring that the workplace provides for the safety of employees, residents and visitors including reasonable protection from workplace violence.

- B. The Village will attempt to reduce the potential for internal workplace violence by positively affecting attitudes and behaviors of its employees

Creating a low-risk work environment:

The Village Administrator, department heads and supervisors are expected to promote positive behavior and to lead by example, by treating employees with the respect and dignity each person deserves. Emphasis will be placed on creating a workplace where established standards of conduct are clear, communicated, and consistently enforced, and where discipline is used fairly and appropriately to deal with instances of unacceptable behavior.

Supervisory Training:

Department heads and supervisors will be provided with training in how to deal with workplace-related threats and acts of violence. This training will focus on prevention, recognition and de-escalation of violence, will include suggestions for appropriate responses to threats and acts of violence, and will identify those resources which are available for use once a potential problem has been identified, or an incident has occurred.

Employee Training:

Employees will receive training in threat awareness, and appropriate responses to aggressive, threatening and violent behaviors. Assessment of additional training needs from employees will be made upon request of the unit supervisor, and appropriate training programs will be developed and presented.

Employee Assistance Program (EAP): The Village will encourage use of the EAP as an assessment, short-term counseling and referral agency. While supervisors, union representatives, or family members may encourage employees to seek help, the decision to use EAP services is voluntary. Informational brochures and other media will be used to familiarize all employees with the services offered by the EAP.

Self-help: Employees may also choose to seek assistance from private health services to deal with pressures, stress, emotional problems, or other personal issues which could, if ignored, lead to threats or acts of

violence. The Village encourages employees to utilize all available resources and will provide information on how to take advantage of other options for the resolution of personal and work-related problems which may have potential for escalating to a violent incident.

July 7, 2014

Rockville Centre, New York

Reviewing Risk Factors: The factors identified by the New York State Department of Labor that may place employees at risk of workplace violence include, but are not limited to the following:

- Working in public settings
- Working late at night or early in the morning
- Exchanging money with the public
- Working alone or in small numbers
- Working in a location with uncontrolled public access to the workplace
- Other areas of the workplace with previous security problems.

The Village of Rockville Centre is aware of these factors and is committed to providing a work environment that is safe, secure and free of violence.

- C. The Village will effectively deal with threats of violence, and with actual incidents of violence.

Supervisory Responsibilities: Department heads and supervisors have primary responsibility for ensuring a safe work environment. They are specifically empowered to take immediate action to resolve or stabilize violent situations in the workplace, and to protect people from harm.

- Supervisors will ensure that, when a threat is made or a violent incident occurs, appropriate incident response resources are notified immediately.
- Department heads will also ensure that appropriate disciplinary responses to internal workplace violence and aggression are made, in coordination with the Village Administrator and labor contracts.

Appropriate EAP services will be made available to employees who have experienced or witnessed violence in the workplace.

Employee Responsibilities. All employees are expected to read, understand and comply with the Village Workplace Violence Program, as well as attend required training. Employees are encouraged to participate in the design, implementation, and periodic revision of this Plan. Any employee or his or her authorized employee representative who believes that a serious violation of the employer's workplace violence protection program exists, or that a workplace violence imminent danger exists, shall bring such matter to the attention of his/her supervisor and manager.

- D. The Village will work to eliminate non-authorized dangerous weapons from the workplace.

The possession of any dangerous weapon, including any firearm, in any Village premise by any person other than a law enforcement officer in the course of his/her duty, is strictly prohibited. See Appendix, for a list of dangerous weapons included in this prohibition.

Copies of this policy and plan will be distributed to all employees, and will be posted on employee bulletin boards. Department heads and supervisors will be responsible for informing employees of this policy and plan, and for maintaining compliance with them. This policy and plan will be provided to all current and new employees. A copy of this plan will also be in the Employee Manual.

In-Service Employee Training on Violence Prevention

Training needs related to employee violence prevention will be developed and presented to Village employees annually. This training will incorporate education of the Village Policy and Plan; Types of violence and how to recognize it; How to mitigate potential violence and deal with acts of violence; Resources available.

Employee Assistance Program - The Village will continue to provide education about the services available through the EAP, to help employees deal with concerns and issues related to workplace or family violence.

Department heads, and supervisors will continue to have primary responsibility for ensuring a safe workplace, for monitoring and resolution of employee conflicts or disputes, for taking appropriate corrective action when potentially violent situations develop and for working with the Village Administrator when threats or acts of violence occur.

Record Keeping will include an incident reporting system to ensure that all threats and workplace violence incidents are reported to management. Written notification will help management develop an appropriate response, will create a historical record and can be used in the annual risk assessment and program evaluation. The Village Administrator will maintain a confidential file of Workplace Violence incident reports and notes. If allegations against an employee are substantiated, copies will also be placed in the perpetrators personnel file.

Enforcement-Any employee determined to have committed such acts will be subject to disciplinary action up to and including termination.

Non-employees engaging in violent or threatening behavior will be reported to the police department for investigation and prosecution.

Adopted March 31, 2008, amended May 19, 2008

Resolved, that the Board of Trustees of the Village of Rockville Centre

hereby adopts the following Policy, effective immediately:

1. Public service is a matter of public trust. As such, the purpose of this policy is to avoid the appearance of improper favoritism to family members in initial employment and in the promotion of current employees. The Village adopts the policies herein to preserve the trust placed in the Village's public servants, to promote public confidence in the Village government, to protect the integrity of Village decision making and to enhance the effectiveness of Village government.

2. This policy shall apply to initial employment and promotion only. Nothing in this policy shall be construed to apply to lateral assignments or lateral appointments of employees.

3. Definitions. As used in this Policy,

"Immediate family" means a spouse, domestic partner, child, stepchild or dependent, parent, grandparent, brother, sister, brother-in-law, sister-in-law or cousin, or any other person related closer in degree than first cousin by blood or by marriage.

"Nepotism" means favoritism shown to an immediate family member.

"Village official or employee" means any elected or appointed official or employee of the Village of Rockville Centre, whether paid or unpaid, including any member of any Village board, commission or agency.

"Village employment" means any Village position, whether paid or unpaid, elected or appointed, including a position on any Village board, commission or agency, provided, however, that the term shall not include any position as a seasonal employee.

4. No Village official or employee shall use or attempt to use such person's official position to secure Village employment for an immediate family member, nor otherwise engage in conduct that creates an inference of nepotism.

5. Every Village official and every Village employee whose immediate family member is seeking Village employment shall disclose such relationship as provided in the Policy.

6. Any person seeking Village employment, or who is aware of being under consideration for Village employment, shall make disclosure as required by this Policy with respect to any immediate family member of such person who is a Village official or employee.

7. Every person who is a Village official and/or Village employee on the effective date of this policy shall, within thirty days after receipt of notice from the Village Administrator to do so, complete and file with the Village Administrator a written disclosure as to any member of such person's immediate family who is a Village official or employee.

8. The disclosures required by this Policy shall be made in writing, and filed with the Village Administrator, at the earliest opportunity following the date upon which a Village official or employee first learns or has knowledge of any application or request for Village employment by a member of such person's immediate family. Promptly upon receipt of such disclosure, the Village Administrator shall provide a copy thereof to the Mayor and Trustees.

9. It is the policy of the Village to avoid, wherever possible, the hiring of immediate family members of employees, and the promotion of employees, such that the result would be any of the following:

A. Where one of the immediate family members would have the authority (or practical power) to supervise, appoint, remove, discipline or

audit the work of the other;

B. Where both immediate family members would report to the same immediate supervisor, or

C. Where other circumstances might lead to potential conflict among the immediate family members, or conflict between the interest of either or both such family members and the best interest of the Village. However, in a proper case, the appointing or employing Village official or employee may determine that it is in the best interests of the Village to employ or appoint a person notwithstanding the foregoing Policy, and in such case the appointing or employing Village official or employee shall file with the Village Administrator a written statement of such determination and the reasons therefor.

10. Any Village official or employee determined to have intentionally violated the disclosure requirements of this Policy will be subject to appropriate disciplinary action, which may include termination.

On motion by Trustee Howard, duly seconded by Trustee Oppenheimer and unanimously carried, the Board of Trustees formally adopted the Village of Rockville Centre Cyber Security Citizens' Notification Policy.

**Cyber Security Citizens' Notification Policy
Incorporated Village of Rockville Centre**

A. This policy is consistent with the State Technology Law, § 208 as added by Chapters 442 and 491 of the Laws of 2005. This policy requires notification to affected New York residents and non-residents. New York State values the protection of private information of individuals. The Village of Rockville Centre (Village) is required to notify an individual when there has been or is reasonably believed to have been a compromise of the individual's private information, in compliance with the Information Security Breach and Notification Act and this policy.

July 7, 2014

Rockville Centre, New York

B. The Village, after consulting with the State's Office of Cyber Security and Critical Infrastructure Coordination (CSCIC) to determine the scope of the breach and restoration measures, must notify an individual when it has been determined that there has been, or is reasonably believed to have been a compromise of the individual's private information through unauthorized disclosure.

C. A compromise of private information means the unauthorized acquisition of unencrypted computerized data with private information.

D. If encrypted data is compromised along with the corresponding encryption key, the data is considered unencrypted and thus falls under the notification requirements. Notification may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. In such case, notification will be delayed only as long as needed to determine that notification no longer compromises any investigation.

E. The Village will notify the affected individual directly by one of the following methods:

1. Written notice;

2. Electronic notice, provided that the person to whom notice is required has expressly consented to receiving notice in electronic form and a log of each notification is kept by the Village that notifies affected persons in such form;
3. Telephone notification, provided that a log of each notification is kept by the Village that notifies affected persons; or
4. Substitute notice, if the Village demonstrates to the state Attorney General that the cost of providing notice would exceed \$250,000, that the affected class of persons to be notified exceeds 500,000, or that The Village does not have sufficient contact information. The following constitute sufficient substitute notice:
 - a. E-mail notice when the Village has an e-mail address for the subject persons;
 - b. Conspicuous posting of the notice on the Village's web site page, if the Village maintains one; and
 - c. Notification to major statewide media.

F. The Village must notify, CSCIC as to the timing, content and distribution of the notices and approximate number of affected persons.

G. The Village must notify the Attorney General and the Consumer Protection Board, whenever notification to a New York resident is necessary, as to the timing, content and distribution of the notices and approximate number of affected persons.

July 7, 2014

Rockville Centre, New York

H. Regardless of the method by which notice is provided, the notice must include contact information for the Village making the notification and a description of the categories of information that were, or are reasonably believed to have been, acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, so acquired.

I. This Policy also applies to information maintained on behalf of the Village by a third party.

J. When more than 5,000 New York residents must be notified at one time, then the Village must notify the consumer reporting agencies as to the timing, content and distribution of the notices and the approximate number of affected individuals. This notice, however, will be made without delaying notice to the individuals.
